**PRAYER OF PARENTS TO BLESSED LUIGI MONZA**

Blessed don Luigi,

You taught us to welcome life in its complexity,  
making us understand that love goes beyond hardships  
and that sacrifice can become a source of joy.

You exhorted us to feel responsible for all children,  
particularly for the most fragile, and to take on our task  
as parents with confidence, even when it is tested by  
the particular difficulties that our children live.

Therefore be our intercessor so that the Lord may  
sustain us, accompany and protect the journey of our  
children, strengthen the ability to love and forgive  
each other, so that our family can face together and  
courageously its educational mission.

We entrust You in particular.....

So that he/she can best develop all his own/her own  
abilities, encounters in his/her life friendship and  
solidarity, can be an opportunity for those who meet  
him/her to discover the dignity and value of each person  
and reveals to all in his/her fragility the mysterious  
face of God.

Amen
